

Good morning Southwestern Pennsylvania Neighbors,

Thank you to those of you who joined us for this week's two virtual meetings about the PA State Historic Preservation Office's (PA-SHPO) Deindustrialized Communities Market Study (DCMS).

**To provide more input on the project, please visit the project's online storymap:**

Please share this with your neighbors so they can provide their input too!

The more we hear from you about your organizations and communities, the better we are able to shape the market study to this region's unique opportunities and challenges. You can also email Bill Callahan, the Western PA Preservation Coordinator for PA-SHPO at [wcallahan@pa.gov](mailto:wcallahan@pa.gov).

**You can review the two virtual presentations at these links:**

***Wed 16 March meeting about the Mid-Mon Valley study area communities (Charleroi, Donora, Monessen, Monongahela):***

We will also follow-up soon with a way to view the virtual meeting recordings.

You can also read more about the project on PA-SHPO's Historic Preservation blog: <https://pahistoricpreservation.com/deindustrialized-communities-market-study/>

Thank you again! The discussions we had in these meetings were illuminating and we look forward to sharing the completed market study in mid-April.

All the best,  
emh
