

## **Beaver County Emergency Services Fire Response Resource List**

Station:	
Date:	•

Use the following list to define what apparatus is to respond in place of your first due equipment in the event of the unit being out of service or otherwise unavailable. Please list in the order in which apparatus is to respond. If you do not wish to have the CAD automatically fill in for your out of service equipment, please note that in the fields below. This list will also be used to fill in for any mutual aid equipment that may be out of service in your reponse plans. You may use the same sheet for all zones or a different sheet for each zone.

**Example:** 

Your departments primary engine is out of service and you want your 2nd out engine to respond in place of it. Or your mutual aid has an apparatus out of service that is in your response plan and you want a different departments apparatus in place of it.

## Sample:

	ENGINE	<b>TANKER</b>	<b>AERIAL</b>	RESCUE	BRUSH	AIR	SQUAD	RIT	BOAT
1	E23	W23	L20	R23	B23	AIR25	S23	RIT84	
2	E23-2	W86	T84	R84	B86	AIR84		RIT58	
3	E20	W59	T47	R86	B26				
4	E89	W26	T37	R26	B59				
5	E84								

	ENGINE	TANKER	AERIAL	RESCUE	BRUSH	AIR	SQUAD	RIT	BOAT
